

We believe in individuality because every student is different.

Welcome to Drive 4 Pass!

Dear Student,

We're thrilled to welcome you to Drive 4 Pass, your journey towards becoming a confident and skilled driver starts here, we're committed to making it a safe, enjoyable, and successful experience.

- ✓ **Expert Instructors:** Our highly qualified and friendly instructors create a supportive and engaging environment. Each lesson is tailored to your unique pace, ensuring you feel confident and comfortable throughout your learning journey.
- ✓ **Comprehensive Lessons:** From beginner essentials to mastering advanced skills, we cover everything from road safety to you acing your driving test.
- ✓ **Ongoing Support:** We're always here for you, don't hesitate to ask questions or seek advice, even outside of your lessons. Whether on or off the road we've got you covered.
- ✓ **In your welcome pack:** you'll find useful resources, including driving tips and Show Me, Tell Me questions to support your learning progress.
- ✓ **Save Time and Money:** Consistency is key to your progress; by sticking to your scheduled lessons and avoiding cancellations, you'll stay on track and save both time and money. Missed or cancelled lessons will slow down your progress, so let's make the most of each session!
- ✓ **Special Offer:** As a thank you for choosing us, refer anyone to Drive 4 Pass for driving lessons, and receive two hours of lesson time for the price of one.

We look forward to helping you achieve your driving goals and becoming a safe, confident driver. Let's get started!

Safe driving,

The Drive 4 Pass Team

Test Day Tips:

Your Ultimate Guide to Success

Passing your UK driving test is about more than just mastering road rules; it's about cultivating the right mindset. Embrace lessons with enthusiasm and the belief that you're acquiring an invaluable skill. A positive attitude supercharges your learning and confidence.

Ready to ace your big test day with Drive4Pass?
Check out our top tips!

Before Your Test:

CONSISTENT PRACTICE:

- ✓ Dedicate time to regular practice: The more you drive in various conditions, the more skilled and confident you'll become at handling unexpected situations.
- ✓ Maximize every lesson: Take full advantage of your instructor's feedback, as their guidance is key to mastering the subtleties of safe driving.
- ✓ Practice in diverse conditions: Prepare for all types of weather—rain, fog, and even nighttime driving—especially if your test is during the darker winter months.
- ✓ Take mock tests regularly: Familiarize yourself with the test format and reduce anxiety by doing practice tests with your instructor ahead of the big day.

MASTER THOSE MANOEUVRES:

- ✓ Master manoeuvres with precision and observation: Skills like parallel parking, bay parking, and reversing on the right require both accuracy and careful observation. Practice these until they feel instinctive, ensuring you check your mirrors and blind spots regularly. While perfection isn't required, demonstrating safe, controlled, and observant driving is essential for the test.

LISTEN TO YOUR INSTRUCTOR:

- ✓ Don't rush into the test: No matter how eager you are, avoid taking your test until you're fully prepared. Rushing could leave you without the necessary experience to drive safely on your own. Failing the test too early can also hurt your confidence. Save time for yourself and the examiner by waiting until your instructor confirms you're ready.
- ✓ Trust your instructor's judgement: Your instructor knows when you're ready for the test. Trust their experience. They can also identify areas where you need improvement—focus on these during your lessons to increase your chances of passing.

CHOOSE THE RIGHT TIME:

- ✓ Choose a time to schedule your test when you can dedicate your full attention, avoiding conflicts like work or exams. This strategy will enhance your focus and significantly increase your chances of success.

GO OVER YOUR THEORY:

- ✓ Since there's often a gap between passing your theory test and taking your practical exam, it's important to refresh your knowledge of the Highway Code and road signs before the practical. Consider using a theory test practice app to ensure you're up to date with DVLA standards, as regulations may have changed since your last test.

USE YOUR INSTRUCTOR'S CAR:

- ✓ Familiarity enhances confidence. Driving a car that you know well can greatly increase your chances of passing the driving test on your first attempt. Being comfortable with the car's controls will also benefit you during the 'Show Me, Tell Me' Section. Don't hesitate to ask your instructor to explain the car's mechanics as often as necessary. This understanding will empower you to approach the start of your test with confidence, setting you up for success as you hit the road.

On Test Day:

LAST MINUTE LESSON:

- ✓ If possible, consider booking a final driving lesson on the day of your test. This last-minute practice will help you get into the right groove and ease any pre-test jitters. It's a great opportunity to refine tricky manoeuvres and clarify any remaining questions with your instructor. By reinforcing your skills and boosting your confidence, you'll set yourself up for success as you approach your driving test.

BE ON TIME:

- ✓ Timeliness is essential—you don't want to risk missing your test! Aim to arrive 10 to 20 minutes early; this gives you time to compose yourself and settle in, easing any pre-test nerves.
- ✓ Rushing can create unnecessary stress, which may hinder your performance. By allowing yourself extra time, you can approach your test with confidence and focus, setting yourself up for success.

EXAGGERATE MIRROR CHECKS:

- ✓ A common reason many learner drivers receive minor faults during their test is insufficient observation or the examiner's perception of it. Regular mirror checks are vital, especially when starting, approaching hazards, or changing lanes. To ensure your observations are clear, physically turn your head while checking your mirrors and softly say "mirrors" to reinforce your awareness. This not only demonstrates your attentiveness to the examiner but also helps you stay focused on the road. Additionally, consider using your mirrors to anticipate the actions of other road users, which can enhance your overall driving safety and performance. By cultivating good observation habits, you'll significantly increase your chances of passing your test successfully.

DON'T BE SHY:

- ✓ If you miss an instruction during your test, calmly ask the examiner to repeat it. Staying focused is crucial; panicking will only lead to mistakes. Take a deep breath, regain your composure, and remember that it's okay to seek clarification. This approach will help you stay on track and perform at your best.

TAKE YOUR TIME:

- ✓ There's no rush during your test. Remember, the examiner prioritizes safe and steady driving above all else.
- ✓ If your nerves start to kick in, take a moment to breathe deeply. One slip-up doesn't mean failure—what truly matters is how you recover and continue driving confidently, calmly, and safely. The examiner wants to see that a mistake doesn't throw you off your game, ensuring that both you and other road users remain safe. Keep your cool, focus on your skills, and show them what you're capable of!

BELIEVE IN YOUR ABILITIES:

- ✓ Finally, trust in the preparation and hard work you've put in. Avoid dwelling on mistakes; remember, you're allowed up to 15 minor faults.
- ✓ If you happen to stall, stay calm, restart, and continue driving with confidence.
- ✓ Always approach your test with the mindset that you're going to pass. Maintain control and focus on safe driving. Don't let small errors discourage you; getting caught up in them can lead to more mistakes. Keep your focus sharp and show the examiner your best driving skills!

Test Day Checklist:

- ✓ Provisional Licence
- ✓ ID (Passport)
- ✓ Test Appointment Confirmation (Email)
- ✓ Light Snacks / Water
- ✓ Comfortable flat, Thin sole shoes
- ✓ A confident and calm mindset!

After Your Test:

- ✓ Always ask for feedback from your examiner.
- ✓ Understanding what went wrong can help you identify areas for improvement for your next attempt. This feedback is a valuable tool for sharpening your driving skills. Regardless of the outcome, remain calm after the test:
- ✓ **If You Pass:** Celebrate your success and take pride in your achievement!
- ✓ **If You Don't Pass:** View, it as a learning opportunity. Don't be too hard on yourself; many people don't pass on their first try, often due to nerves. Rebook your test and keep practicing!

Key Takeaways:

Be Thoroughly Prepared: Confidence is built on the foundation of consistent practice and thorough preparation. Invest quality time in refining your driving skills, whether it's mastering specific manoeuvres or understanding road rules. For an extra edge, consider booking a final lesson on test day to calm any last-minute nerves and boost your confidence.

Stay Calm and Focused: During your test, keep your attention centred on the task at hand. Nervousness is natural, but you can manage it through deep breathing exercises and mental focus. Calm your mind by visualizing each step of the test, and remember to keep a steady, composed demeanour no matter the circumstances.

Cultivate a Positive Mindset: Confidence flourishes in a positive mindset. Visualize yourself successfully completing each part of the test, from parking to road awareness. Reinforce self-belief through positive affirmations, which will help you stay motivated and composed throughout.

Embrace Mistakes as Learning Opportunities: Making a mistake during your test doesn't mean failure. What truly counts is how you respond to those mistakes. Stay resilient and demonstrate your ability to recover by maintaining focus and showing you can adapt. Resilience and composure are just as crucial as technical skill.

Actively Seek Feedback: After completing your test, make a point to ask your examiner for feedback, whether you pass or not. Understanding what you did well and where you can improve is a vital step in your continued development as a driver. Use this constructive feedback to enhance your future driving skills and confidence on the road.

Show Respect for Your Instructors: Treat your examiner and instructor with the utmost respect and professionalism. They are there to help you succeed, offering valuable guidance along the way. Maintaining a positive attitude and treating them courteously not only reflects well on you, but also creates a more supportive and stress-free environment during your test.

Test Readiness Policy

At Drive 4 Pass, our mission is to ensure that all students are fully prepared for their driving test and possess the skills, knowledge, and confidence to drive safely and independently. To achieve this, we adhere to the following policy:

DVSA Guidelines

The DVSA's **National Standard for Driver and Rider Training** requires that driving instructors only present students for a test when they demonstrate the necessary competence to drive safely, legally, and independently.

Our Test Readiness Criteria

Before taking a practical driving test using an instructor's vehicle, students must:

1. Successfully pass a mock driving test conducted to DVSA standards.
2. Demonstrate consistent ability to drive safely, confidently, and independently across a variety of road and traffic conditions.

Instructor's Right to Refuse Vehicle Use

In line with DVSA standards, instructors have a professional responsibility to ensure students are fully prepared before taking a driving test. If a student does not meet the test readiness criteria, the instructor may refuse the use of their vehicle for the test to uphold the safety of the student, examiner, and other road users, as well as to maintain professional standards. This policy is in place to ensure the best possible chance of success and to prioritize the well-being of all road users.

Alternative Test Arrangements

Students who wish to take their test despite not meeting the readiness criteria may choose to:

1. Use their own vehicle.
2. Use a family member's car.

Important: Students doing so will be proceeding against professional advice and Drive 4 Pass and its instructors cannot be held responsible for the test outcome or any associated risks.

Why This Policy Exists

This policy is designed to:

- ✓ Maximize students' chances of passing their driving test on the first attempt.
- ✓ Ensure the safety of all road users.
- ✓ Align with DVSA standards and best practices.

Thank you for choosing **Drive4Pass!**

Welcome to Your Driving Journey with Drive 4 Pass!

Dear Student,

We're thrilled to accompany you on your journey to becoming a confident driver. At Drive 4 Pass, safety and learning go hand in hand. Our dedicated team is here to guide you through every turn, providing expert instruction and unwavering support.

As you dive into your lessons, remember that your safety is our top priority. Please review the following terms and conditions carefully to ensure a smooth and enjoyable learning experience.

Drive safely,

The Drive 4 Pass Team

Use of Instructor's Car for Driving Lessons & Tests

- The pupil must consult the instructor before booking the driving test.
- The instructor may refuse the use of their vehicle for the driving test if the pupil's driving fails to meet the required standards. Grounds for refusal include, but are not limited to, endangering the safety of other road users, pedestrians, cyclists, posing a risk to the pupil's own life, the property of the driving instructor, or the life of the DVSA examiner.
- The instructor reserves the right to refuse to give a lesson if the pupil does not meet the required standards or for any other valid reason.
- The vehicle must comply with all local traffic laws and demonstrate consistent driving competence.
- Use outside agreed times must be pre-approved by the instructor.
- Sufficient notice is required to confirm vehicle availability for the test.
- A pre-test assessment may be required to confirm readiness. Any damage caused by the pupil may result in additional charges.
- This agreement is solely between the instructor and the pupil. Taking lessons with the driving instructor constitutes agreement to these terms.

Insurance

- The instructor will carry motor insurance covering the pupil while driving the driving school car, provided the pupil is accompanied by a Driving Instructor or a DSA Examiner. A copy of the Insurance Certificate is available upon request.
- The pupil must have a valid provisional driving licence for the tuition vehicle. The licence must be presented at the first lesson. Failure to present the licence will require re-booking the lesson, and the lesson charge may be forfeited.

Responsibility on the Road

- Pupils are expected to always drive carefully and responsibly, maintaining awareness of other road users and ensuring control of the car.

Emergency Situations

- The instructor may take control of the vehicle in an emergency if the pupil is not handling the situation appropriately. The incident will be discussed with the pupil to ensure understanding and learning from the situation.

Motoring Offenses

- As the driver, the pupil is solely responsible for any motoring offenses committed while in control of the vehicle.
- The instructor's liability is limited to taking reasonable steps to prevent any offenses from being committed by the pupil.

Recording for Security and Monitoring Purposes

- We may record audio and video while a lesson is taking place for the safety, security, and monitoring of both the instructor and learner. By taking lessons with us, you consent to this. Recordings will be securely stored and will not be shared with third parties unless required by law. Data will be automatically deleted after a certain time unless needed for investigations or by law enforcement agencies.

Cancellation and Postponement

By the Pupil

- Pupils must provide at least 48 hours' notice to cancel a lesson, or they will be charged 100% of the hourly rate.
- Short notice cancellations should be communicated to the driving instructor immediately.
- Only one lesson cancellation without charge is permitted; any subsequent cancellation will result in full payment of the lesson cost.
- Consequence of Continued Cancellations: Repeated cancellations, specifically after two cancellations regardless of notice time, will result in the instructor permanently removing the pupil from the schedule.

By the Instructor

- If a lesson is cancelled by the instructor due to mechanical breakdown or other causes, the lesson will be rescheduled at a mutually convenient time.
- If the instructor fails to meet an agreed appointment without prior notification, they will make every effort to rebook the lesson as soon as possible.

Lesson Payments

- Credit facilities are not available; payment for each lesson should be made at its start.
- To reserve a vehicle for the driving test, payment must be made in advance.
- Payments can be made by cash or bank transfer. Please ask the instructor for more details on payment methods.
- Any payments made are to your driving instructor. Drive 4 Pass is not responsible for any payments or refunds.
- Payments for block bookings will only be refunded if the instructor becomes unavailable due to health reasons or car problems

Franchise Agreement

- All instructors are self-employed and operate under a franchise agreement with Drive 4 Pass.
- All payments are made directly to the instructors, not to the company.

Fitness to Drive

- Lessons will be cancelled if the pupil is suspected of being under the influence of alcohol or drugs, and the full lesson rate will be charged.
- The use of the vehicle for the driving test may be withdrawn if the pupil is not at the required standard or is under the influence.
- Pupils taking prescription drugs that advise against driving should discuss this with their instructor or general practitioner.
- Charges for car hire for lessons or tests will continue at the agreed rate.

Code of Practice

- The driving school and the DSA emphasize professional standards in driver training.
- The instructor adheres to the DSA voluntary code of practice for all ADIs.
- Complaints about instruction quality or instructor conduct should be directed to Drive 4 Pass driving school.

Additional Provisions

- The instructor is committed to providing high-quality, tailored tuition and will offer constructive feedback throughout the learning process.
- Pupils are encouraged to communicate openly with the instructor regarding any concerns or areas where they require additional support.
- The driving school aims to ensure a positive and effective learning experience, helping pupils to become safe and confident drivers.

Tell Me Questions

- 1. Tell me how you'd check that the brakes are working before starting a journey.** Brakes should not feel spongy or slack. Brakes should be tested as you set off. Vehicle should not pull to one side.
- 2. Tell me where you'd find the information for the recommended tyre pressures for this car and how tyre pressures should be checked.** Manufacturer's guide, use a reliable pressure gauge, check and adjust pressures when tyres are cold, don't forget spare tyre, remember to refit valve caps.
- 3. Tell me how you make sure your head restraint is correctly adjusted so it provides the best protection in the event of a crash.** The head restraint should be adjusted so the rigid part of the head restraint is at least as high as the eye or top of the ears, and as close to the back of the head as is comfortable. Note: Some restraints might not be adjustable.
- 4. Tell me how you'd check the tyres to ensure that they have sufficient tread depth and that their general condition is safe to use on the road.** No cuts and bulges, 1.6mm of tread depth across the central three-quarters of the breadth of the tyre, and around the entire outer circumference of the tyre.
- 5. Tell me how you'd check that the headlights and tail lights are working. You don't need to exit the vehicle.** Explain you'd operate the switch (turn on ignition if necessary), then walk round vehicle (as this is a 'tell me' question, you don't need to physically check the lights).
- 6. Tell me how you'd know if there was a problem with your anti-lock braking system.** Warning light should illuminate if there is a fault with the anti-lock braking system.
- 7. Tell me how you'd check the direction indicators are working. You don't need to exit the vehicle.** Explain you'd operate the switch (turn on ignition if necessary), and then walk round vehicle (as this is a 'tell me' question, you don't need to physically check the lights).
- 8. Tell me how you'd check the brake lights are working on this car.** Explain you'd operate the brake pedal, make use of reflections in windows or doors, or ask someone to help.
- 9. Tell me how you'd check the power-assisted steering is working before starting a journey.** If the steering becomes heavy, the system may not be working properly. Before starting a journey, 2 simple checks can be made.
Gentle pressure on the steering wheel, maintained while the engine is started, should result in a slight but noticeable movement as the system begins to operate. Alternatively turning the steering wheel just after moving off will give an immediate indication that the power assistance is functioning.
- 10. Tell me how you'd switch on the rear fog light(s) and explain when you'd use it/them. You don't need to exit the vehicle.** Operate switch (turn on dipped headlights and ignition if necessary). Check warning light is on. Explain use.
- 11. Tell me how you switch your headlight from dipped to main beam and explain how you'd know the main beam is on.** Operate switch (with ignition or engine on if necessary), check with main beam warning light.

Tell Me Questions (under bonnet)

- 12. Open the bonnet and tell me how you'd check that the engine has sufficient oil.**
Identify dipstick/oil level indicator, describe check of oil level against the minimum and maximum markers.
- 13. Open the bonnet and tell me how you'd check that the engine has sufficient engine coolant.**
Identify high and low level markings on header tank where fitted or radiator filler cap, and describe how to top up to correct level.
- 14. Open the bonnet and tell me how you'd check that you have a safe level of hydraulic brake fluid.**
Identify reservoir, check level against high and low markings.

Show Me Questions

- 15. When it's safe to do so, can you show me how you wash and clean the rear windscreen?**
- 16. When it's safe to do so, can you show me how you wash and clean the front windscreen?**
- 17. When it's safe to do so, can you show me how you'd switch on your dipped headlights?**
- 18. When it's safe to do so, can you show me how you'd set the rear demister?**
- 19. When it's safe to do so, can you show me how you'd operate the horn?**
- 20. When it's safe to do so, can you show me how you'd demist the front windscreen?**
- 21. When it's safe to do so, can you show me how you'd open and close the side window?**
